Pittsburgh, Nov. 4.—The executive board of district No. 5, United Mine Workers of America, at a special meeting here today decided to call a strike at midnight Monday, Nov. 7, in the Pittsburgh district. This action was taken after President Robert R. Gibbons had been notified by R. W. Gardiner, commissioner of the Pittsburgh Coal Producers Association, that the coal operators would no longer continue the "check-off" system.

Chicago, Nov. 4.—Attorneys for the United Mine Workers of America today filed in the federal circuit court of appeals a petition for an appeal from the injunction issued by Judge A. B. Anderson at Indianapolis last week in which he barred the "check-off" system of deducting union dues from miners' wages by the companies.

Coupled with the arrival here today of W. A. Glasgow of Philadelphia and Henry Warrum of Indianapolis, counsel for the United Mine Workers of America, to ask court suspension of Federal Judge Anderson's temporary injunction prohibiting the "check-off," announcement was made by the Illinois mine operators that their membership would meet here on Monday instead of Wednesday, as first announced.

The earlier date for the operators' meeting was because some mines in the state, according to old custom, pay on the eighth of the month and desire to know the policy to be followed on the check-off before distributing their pay rolls, according to Dr. H. C. Honnold, secretary of the operators' association.

BULLETIN.

By Associated Press Leased Wire
Springfield, Ill., Nov. 4.—Nearly 1,000 coal miners in Illinois were still on strike today, 250 of them at Taylor Springs, and 325 at Kortkamp, both near Hillsboro and also the force at Percy near Murphysboro, according to information received here by coal operators. These mines, according to Secretary-Treasurer Nesbit of the Illinois miners' union, were out yesterday and have already voted to return to work tomorrow.

By Associated Press Leased Wire
Indianapolis, Nov. 4.—An appeal to a higher court is planned as the next move of the United Mine Workers of America to save the "check-off" system. Counsel for the miners plan to appear before the circuit court of appeals at Chicago today to ask suspension of the temporary injunction granted by Judge A. B. Anderson in United States district court here, forbidding operators to check off miners' dues and also ordering the union to cease its efforts to organize the West Virginia field.

Indiana coal operators, who opposed the injunction, will take no part in the proceedings having voted at a meeting at Terre Haute last night, not to join the miners' union in the appeal of the injunction. The operators also voted to obey the injunction issued by Judge Anderson.

While the union's attorneys prepared for court action there continued throughout the bituminous coal field, sporadic strikes, apparently in protest against the injunction. Mines of the Indiana field were idle with a few exceptions. Operators said that out of approximately 30,000 union employed in the Indiana district, over 25,000 were on strike. No general walkout of miners in other field is looked for, however, until the order discontinuing the use of the "check-off" system is put into effect by operators.

INDIANA MINERS ALL OUT.
By Associated Press Leased Wire
Terre Haute, Ind., Nov. 4.—Every union miner in Indiana was idle today, according to John Hessler, district president of the United Mine Workers of America. For this reason, he said, no formal strike order would be issued.

Hungarian Assembly Dethrones Hapsburgs

By Associated Press Leased Wire
Budapest, Nov. 4.—Former Emperor Charles was dethroned and the Hapsburg dynasty was ousted from Hungary by a bill adopted by the Hungarian national assembly today. Count Stefan Bethlen, the premier, introduced the measure in the assembly yesterday, and it was expected the debate would last for at least two days. Final action on it, however, was taken today.

HIDDEN HERO

Sergeant Samuel Woodrill's light was buried "under a bushel" till General Pershing, digging through musty files, dragged him into the spotlight. He picks Woodrill as the greatest war hero, even ahead of Alvin York. This Indiana soldier will represent the infantry at the burial of the Unknown Soldier.

GIRL WITNESS AGAINST FATTY REPORTED LOST

Police Searching for
Woman Who Disappeared Thursday.

By Associated Press Leased Wire

San Francisco, Nov. 4.—The California police, through District Attorney Matthew Brady of San Francisco, have been requested to find Alice Blake, one of the main witnesses for the state in the manslaughter charge against Roscoe C. (Fatty) Arbuckle, due to be brought to trial here on Nov. 14.

Miss Blake disappeared yesterday from a place near Calistoga where she was staying with Mrs. John Duffy, mother of George Duffy, a deputy district attorney. The witness was not under arrest, but was being detained at Mrs. Duffy's place with her own consent, pending the Arbuckle trial.

Her disappearance, according to Mrs. Duffy's story to the district attorney here, came after a visit by Miss Blake's mother, Mrs. John Westphal of Oakland, and an attorney whose name District Attorney Brady had not obtained last night. The girl left with her mother in an automobile Mrs. Westphal saying she was going to take her daughter home.

The Westphal home in Oakland is untenanted, investigators said. Miss Blake was a guest at the party given by Arbuckle in a local hotel, when Virginia Rappe, film actress, is alleged to have sustained injuries which preceded her death.

Bruno Rheinboth of Amboy was a business visitor in Dixon yesterday afternoon.

Supervisor Thomas P. Long of Harmon transacted business here yesterday.

SIX OF TWENTY-TWO BANKRUPT FARMERS IN NO. ILL. FROM LEE

Whiteside Co. Leads in
Number of Failures
of Farmers.

Statistics compiled by the Deputy Clerk of the United States district court at Freeport show that the year 1921 has been exceptionally hard on the farmers embraced by the division of this federal judicial district, including the counties of Stephenson, Jo Daviess, Winnebago, Boone, Ogle, Carroll, Lee and Whiteside.

The figures show that during the year of 1920 and up to October 30, 1921, twenty-six farmers within these eight counties have gone into bankruptcy. However, during the year 1920 there were only four farmer bankruptcies leaving a total of twenty-two farmers from this district who have filed petitions in bankruptcy within the first ten months of the present year. This is an average of about one farmer bankrupt every two weeks and the total for the ten months of 1921 is greater than the number of farmer bankruptcies filed during the past ten years. These figures indicate that the investigations made by the Joint Committee are based upon facts and congress will have to soon come to the aid of the farmers.

Whiteside Leads.

Whiteside county leads the counties of this district with a total of ten bankrupt farmers. The soil tillers of Stephenson county seem to have been more fortunate than those of the other seven counties of the district as there has not been a single farmer bankrupt in this county during the periods of 1920 and 1921. The following list shows the number of farmer bankrupts from the district during the current year:

- Whiteside county, 10.
- Lee county, 6.
- Boone county, 3.
- Winnebago county, 3.
- Ogle county, 2.
- Carroll county, 1.
- Jo Daviess county, 1.
- Stephenson county, 0.

Half Million Dollars Involved.
Practically one half a million dollars has been involved in these 26 farmer bankruptcies. The grand total of the liabilities of the twenty-six farmers who went into bankruptcy in this court is \$479,549.39, while the grand total of assets reaches the mark of \$230,892.91 or less than fifty per cent of the liabilities. These figures indicate that the creditors of these farmers will lose about seventy-five per cent of their money or close to \$350,000.00. Each bankruptcy is allowed certain exemptions under the Acts of bankruptcy and with these deducted it is safe to say that at least three quarters of the sureties will prove of no value.

The low prices in 1920 and 1921 did not yield the farmer enough profit to liquidate his debts and this accounts in a measure for the many failures. The causes of the trouble are summed up as follows:

- 1.—Low prices of the things the farmer sells and high prices of the things he buys.
- 2.—Decline in exports, especially live stock.
- 3.—Dropping off of domestic consumption of farm products.
- 4.—High freight rates.
- 5.—Credit limitations.

Attempted Entry at Restaurant Foiled

Clinton Rorick, mail clerk on the Northwestern, while on his way to the depot at an early hour this morning, discovered a strange man at work at one of the windows on the east side of the I. C. restaurant on Seventh street. The stranger was apparently preparing to enter the place of business when his actions were discovered.

Mr. Rorick continued to Dementtown where he met Officer John Winters and reported the matter to him. Both returned to the restaurant, but the window showed evidence of his operations, but it was found that nothing had been taken and the bold stranger was evidently frightened away from his job when the mail clerk passed the eating house.

WRENCH HURLED INTO CONFERENCE MACHINE BY RUSSIAN SOVIET

Tell the World They'll

Conclusions.

BULLETIN.

By Associated Press Leased Wire
Moscow, Nov. 3.—(By the Associated Press)—Foreign Minister Chicherin sent a note to the entente nations and the United States today saying that Russia will not feel herself bound by the decisions of the Washington conference and holds herself free to take any steps necessary to prevent their enforcement.

London, Nov. 4.—(By the Associated Press)—Prime Minister Lloyd George still hopes it will be impossible to carry out before long his intention of going to Washington and taking the leadership of the British delegation at the armament conference, declared Austen Chamberlain, the government leader in the house of commons today.

The house of commons today unanimously adopted the motion presented by labor members "warmly approving" the approaching Washington conference on limitation of armaments and far Eastern problems. The vote came after two and a half hours of discussion in which numerous speakers supported the resolution and voiced hopes of the conference's success.

The resolution was introduced by John Robert Clynes, Stephen Walsh, J. H. Thomas, Arthur Henderson and Thomas Shaw, laborite leaders. It reads:

Text of Resolution.
"That this house warmly approves of the meeting of the international conference at Washington and trusts that a supreme effort will be made to secure a substantial and progressive reduction of the crushing burden of armaments."

There were protests against the introduction of the resolution but they were futile. Debate on the question of the renewal of the Anglo-Japanese alliance was believed to have been prevented, however, by Austen Chamberlain, government leader, who asserted that such a discussion would be "contrary to the public interests."

The debate was opened when John Robert Clynes moved adoption of the resolution. He avoided all reference to the policies which might be discussed at the conference, confining his speech to a general dissertation on disarmament.

The world, Mr. Clynes said, was indebted to America for the convening of the conference. The league of nations

MENDOTA BUNCH EXPECT VICTORY WITH DIXON TEAM

Crowd of Fans to Accompany Team to
Dixon Sunday.

The Dixon Legion football team will be in readiness to receive the Mendota Legion eleven Sunday afternoon at Brown's Field. The visitors, it is understood, will be accompanied by several hundred boosters from Mendota, who believe that they have one of the fastest teams in the northern part of the state. The local team does not look for an easy victory over Mendota, but anticipate one of the hardest battles of the season.

"Mickey" Long, who has been suffering from infection in his heel, is convalescing and will be back in the lineup. Hess has also been receiving the attentions of a physician for a bruised hip bone, and will be back at his position. Gillilan, who received two fractured ribs in the game with the Rock Island Navajos, which injury has been kept a secret from the local fans, has almost completely recovered.

Coach Dixon received a letter this morning from the Morrison Independent team, stating that their manager was in a hospital in a critical condition and all games which have been scheduled are cancelled. The Morrison Independents were to have played here Nov. 13.

Prepare for Rochelle.
The Dixon Legion team will practice every night next week at their headquarters for the game Friday afternoon with the Rochelle Legion team at Rochelle. Word has reached the local camp that Rochelle is loading up for this game which will doubtless be one of the hardest fought of the entire season. Coach Dixon stated this morning that every member of the regular team would be in uniform and go to Rochelle next week without any new faces appearing in the lineup.

Plans are being made to have two coaches attached to the 1:15 east bound Northwestern passenger train (am). With this arrangement of Dixon fans will be able to reach the football field in plenty of time for the opening of the game.

Aurora, Ill., Nov. 4.—Kiwanis club delegates from eastern Iowa and Illinois in convention here, paused today in discussions of ways to improve business and establish entente cordiale with the public, to adopt unanimously a resolution endorsing the disarmament conference. President Harding has called. The confident hope was expressed that the golden rule would be the keynote of the conference.

SPECTACULAR BLAZE DESTROYED BIG PIER WATERFRONT YARDS

Loss in Weehawken, N. J., Fire May Reach Over a Million.

By Associated Press Leased Wire
Weehawken, N. J., Nov. 4.—The Erie Railroad's Weehawken piers and waterfront yards were laid waste early today by one of the most spectacular fires the metropolitan area has witnessed in years.

Five piers, all heavily laden with freight; five story flour warehouse, 3 loaded barges, a train of 30 loaded freight cars and another of five oil tanks were destroyed. Early estimates of the loss ranged from \$1,000,000 up but the figures were frankly guesses and will remain speculative until a check can be made of the variegated shipments that were in transit.

The fire was discovered shortly before midnight on Pier C, within an hour it had swept over nearly a half mile of waterfront, illuminating the sky for miles around and drawing great throngs of spectators to the Jersey and Manhattan sides of the Hudson.

Wind Carried Embers.
A strong breeze which fanned the flames carried burning embers across the river, showering them down on the New York waterfront and carrying some as far as Times Square. Crews of several steamships on the Manhattan side were called out to quench great clusters of blazing embers that rained down on the ships.

One of the piers was leased to the Standard Oil Company of New Jersey and contained several thousands of barrels of crude oil. A series of minor explosions occurred when the flames ate their way into this pier.

Fireboats from New York and every available piece of the apparatus from Hoboken, Jersey City and other New Jersey towns were called out to aid the Weehawken force in its efforts to prevent further spread of the fire. Three firemen were seriously injured when the roof of one of the piers collapsed under them.

Three-Year-Old Girl Took "Hike"

The three-year-old daughter of Mr. and Mrs. W. C. Rath, 417 East Third street, wandered away from home early this morning and when found was near the Ennis hotel. The child was taken to the police station, where she was kept, while the officers tried to locate her parents. She was returned to her mother shortly after 10 o'clock.

GOVT. LEADER STABBED TODAY AT R. R. DEPOT

Attack Comes at Critical Time in Japan's History.

Tokio, Nov. 4.—(By the Associated Press)—Premier Hara was fatally stabbed in the breast today at the railroad station in Tokio.

Washington, Nov. 4.—(By the Associated Press)—Official advices from Tokio announcing that Premier Hara of Japan had been stabbed fatally were received at the state department today soon after press dispatches brought the news of the assassination to the United States.

First News From A. P.
Japanese embassy officials and members of the Japanese delegation to the armament and Far Eastern conference received the first news from the Associated Press and were greatly depressed.

The message to the State Department, which was filed at 9 p. m., Tokio time, gave no details other than the premier had been stabbed. Secretary Hughes was attending the Friday cabinet meeting when the dispatch arrived and on leaving the White House was told of the assassination by newspaper correspondents.

Before the departure of the Japanese delegation from Tokio threatening letters had been received by various members of the cabinet and Prince Tokugawa himself just before embarking on the steamer for the United States, received a fantastically worded document threatening him with assassination unless he achieved results at Washington of benefit to his country and warning him also that he must not be too "foreign" in his attitude while in the United States.

Whether the Hara crime is a result of a disturbed social condition or the act of an isolated fanatic was a question in the minds of Japanese officials here.

Secretary Hughes during the afternoon went to the Japanese embassy to express to Baron Shidehara, the ambassador, his sympathy and that of President Harding.

The assassination of Premier Hara comes at a dramatic moment when the Japanese delegation is assembling for the Washington conference and when Japan is intensely interested in the international issues in which Premier Hara has until now taken such an important part. He had been urged to head the delegation

KEI HARA

to Washington and for a time had the matter under consideration but finally decided that his services would be better employed at home during the discussions at Washington.

Premier Since 1918
Premier Hara frequently addressed the Japanese diet concerning the serious work ahead for Japan at Washington and declared in recent statements that Japan was ready to accept limitation of her naval establishment along with the rest of the world, and always keeping in mind the necessities of her national defense.

Takashi Hara has been premier of Japan since 1918 when he formed a cabinet after the fall of the Terauchi ministry, the Seiyu-Kai party of which he was a leader, taking control. He has had a long and distinguished political career. Born in 1856, he was for some time in the foreign office service both at home and abroad and was vice minister for a time in 1895.

OUTRAGEOUS, UNTRUE PERSHING STATEMENT ON WATSON CHARGES

"Without Foundation" is
Reply of Commander
of U. S. Forces.

BULLETIN.

By Associated Press Leased Wire
Nashville, Tenn., Nov. 4.—General Pershing declared here today that charges brought in the senate by Senator Watson, Democrat, Georgia, were "the most outrageous and untrue accusations that could possibly be made and absolutely without foundation."

BULLETIN.

By Associated Press Leased Wire
Washington, Nov. 4.—A new resolution ordering a special committee to investigate charges of Senator Watson, Democrat, of Georgia, regarding treatment of privates in the American expeditionary forces was adopted unanimously today by the senate after a two hours wrangle.

By Associated Press Leased Wire
Washington, Nov. 4.—Senator Watson, Democrat, Georgia, told the senate today that his charge that 21 American soldiers had been hanged in France without trial had been based on the statement of a soldier who said he had seen the gallows and had been told by the scaffold guard that this number of men had been hanged. Soon after, Senator Watson presented the basis for his charges favorable committee report was made on the resolution authorizing the special committee appointed to inquire into the charges to subpoena witnesses and papers.

When the senate convened an hour earlier than usual to take up the Watson charges, Senator Edge, Republican, New Jersey, opened with severe criticism of the Georgia senator for attempting to place in the Congressional Record yesterday a photograph of a gallows said to have been used by the army in France. Senator Edge said that Mr. Watson had not requested publication of the article printed with the photograph in a *Pasadena, N. J. Newspaper*. The article showed, Mr. Edge added, that it was used for a legal execution after a court martial for an attack on a seven year old French girl, who died from the effects of the assault.

Premised Affidavits
Senator Edge asked whether Senator Watson sought to justify his charges of illegal executions without trial by presenting the photograph of a gallows used in a court martial execution.

Replying, Senator Watson referred to the picture showing the hanging of the negro for an attack on a little French girl and demanded:
"Since when has it become legal to disgrace the uniform of the American army by hanging it at the end of a halter?"

The Georgia senator called attention that in the casualty lists issued during the war there appeared the phrase: "Dead from other causes" and asked what were these causes. These, he said taking up the case of the soldier Frye, killed by a sentry, the speaker declared that he had a constituent in Georgia who saw the commission of "that foul crime, then which no German ever committed a fouler," and that his affidavit would be presented to the senate as soon as it reaches Washington.

Son Joins Father in Dental Office

Dr. Raymond Worsley, dentist, has received his state license and has had the document filed with the proper officials, and is now practicing his profession, having formed a partnership with his father, Dr. W. J. Worsley, in the Dixon National Bank building. The firm will be known as Worsley & Worsley. The office is one of the best equipped dental offices in Dixon, the laboratory being the big feature of the office equipment. Dr. Raymond Worsley is a graduate of the Northwestern Dental School, one of the leading dental colleges in the country. The young doctor has many friends who will be pleased to learn that he will locate in Dixon for the practice of his profession.

TO AVOID FAILURE

You are extremely interested in
those who have made a success of
life, for they have attained what you
want. You study them, try to figure
out how they did it, hoping to get a
profitable idea for yourself. A good
system for getting ahead.

But a psychologist, on analyzing
strength, doesn't stop with a study of
Sundow. He takes the other extreme
also, and studies the defects that
keep the weak from becoming strong.

In your way, you are a psycholo-
gist, though you may call a psycholo-
gical study "getting his number."

So, then, in studying success, do
not overlook the failures.

Learn what made them fail and
you know what to avoid.

There is nothing mysterious about
the degree of prosperity and success
of any business, whether it's the
Standard Oil Company or the owner
of a peanut stand.

A business fails or succeeds by the
same processes and for the same
reasons that an individual goes up
or down.

After all, you are a business organiza-
tion, with a production department
(your work), a purchasing department
(your spending) and a sales organiza-
tion (your ability to sell your services
for a high or low price).

Analyze the reasons why some busi-
nesses go into receivers' hands and
you have an analysis of reasons for
personal failure.

There are about 1,800,000 business
concerns in our country. In the last
decade, failures have averaged 14,152
a year, or less than one in 100.

Bradstreet's credit agency analyzes
those failures and finds that in every
1000 failures, lack of success is due
as follows:

Personal Causes:
Lack of capital.....323
Incompetence.....325
Fraud.....70
Inexperience.....66
Neglect.....13
Unwise credits.....16
Extravagance.....12
Speculation.....6

Outside Causes:
Business conditions.....144
Failure of others.....12
Competition.....13

Incompetence heads the list. That
shows the value of schooling and ex-
perience laboriously and slowly ac-
quired.

Lack of capital comes second as a
reason for failure. In most cases,
that can be overcome only by patient
saving.

Business conditions, third in rank
as a failure cause, are beyond the
control of any individual. The best
we can do is have a reserve fund for
the lean years.

"A NATION OF IDEALS"

"There is no better way for Amer-
ica to serve Europe than for her to
remain just what she is; namely, a
nation having an ideal and defending
it."

This is the pronouncement of Mar-
shal Foch in a recent interview about
the coming arms conference.

After so intense a period of concen-
tration on ideals, so tense a strain
on the emotional nature, the reac-
tion into cynicism which we have
seen in the last couple of years has
been, perhaps, only what was to
have been expected. But the heart
of the nation has begun to beat once
more after its collapse. Everywhere
are to be seen signs of reviving san-
guinity and idealism. Health is return-
ing to the public mind and strength
to the public soul.

An arms conference of this nature
a year ago would have been a fail-
ure. This year it may be markedly
a success. It can be so only if Amer-
ica remembers that idealism is her
very lifeblood, that holding visions

beyond those of other nations is her
normal state. Only by being normal,
and herself, can she help the world.
The letter of President Harding to
Mrs. Freed of Brooklyn is notewor-
thy as upholding ideals that are
practical and out of which may come
progress. Instead of seeking to do ev-
erything at once, which doubtless
would result in failure to do anything
at the armament conference.

THE DYING EMPEROR

The emperor of Japan, Yoshihito, is
in immediate danger of death.

Official announcement of the Mi-
kado's death would have tremendous
bearing on world affairs, especially
the relations between Japan and the
United States.

For the Japanese believe that the
Mikado is descended from the "gods
that created heaven and earth." He
has supreme power over his subjects
and can declare war without consult-
ing anyone. Cabinet, parliament and
party leaders have no control, he says,
except by his sanction.

Hence a change of emperors would
be very important. Much will de-
pend on the whims and views of the
new emperor.

Slated to be next Mikado is Crown
Prince Hirohito, 20 years old. He is
said to have democratic tendencies—
enough to recognize the increasing
power of Japanese labor and the
slowly growing Japanese tendency
away from imperialism.

What is going on in young Hiro-
hito's mind?

If you knew, you could tell us
much about Japanese-American re-
lations in the coming decades. Of
world importance are the brain and
moral sense of Hirohito, future ruler
of 77,000,000 Japanese who believe
they become gods if they die in bat-
tle. Banzai!

Japan is the last stronghold of ab-
solute monarchy. Kings have gone
down like 10 pins.

The Hapsburgs rulers for over sev-
en centuries, are dethroned. So are
the Hohenzollerns, who entered the
King business in 1871. Russia has
cast off the Romanoffs, whose dynas-
ty started when a girl of the Roman
family married Ivan the Terrible in
1547. China, 10 years ago, kicked
out the system of emperors that had
ruled it for 4000 years.

England and Japan are the last
of the great powers ruled by mon-
archs. The English king is a figure-
head.

Kingism, however, still is strongly
entrenched in Japan. The Mikado
dynasty began its reign 650 B. C.
Yoshihito is the 123d emperor of di-
rect line of Mikado-family descent.

"Anis" on the Mikados. When? It
may be in this generation.

MAKE REPAIRS NOW

One of the natural suggestions for
the relief of unemployment is that
owners of houses and other buildings
have all necessary repairs made with-
out further delay. Owners should be
glad to do it, if, in their turn, they
meet with fair cooperation.

Construction and repair material
must be fairly priced in order to
stimulate this activity. Fair prices
must obtain for labor, too. Neither
organized nor unorganized labor can
afford not to take account of the
business situation.

There can be no relief for unem-
ployment either by means of repairs
or new construction unless such gen-
eral cooperation occurs in each com-
munity.

Common Sense Ways to Keep Well MASTICATION

BY R. H. BISHOP JR., M. D.

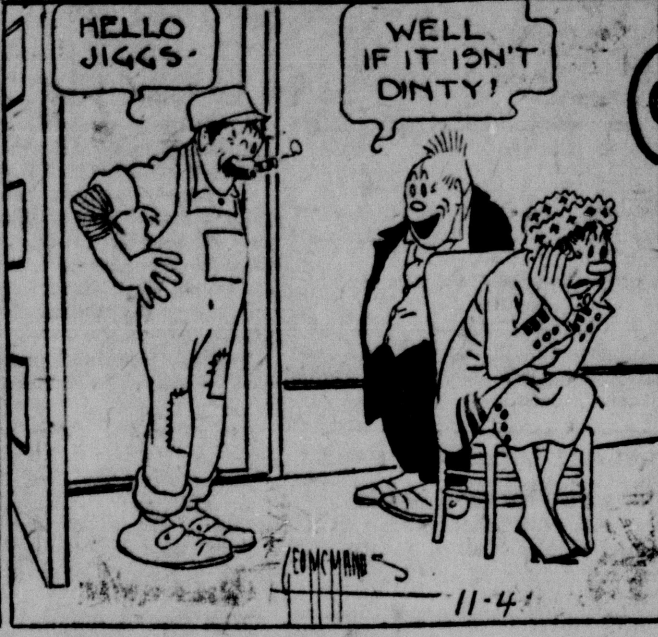

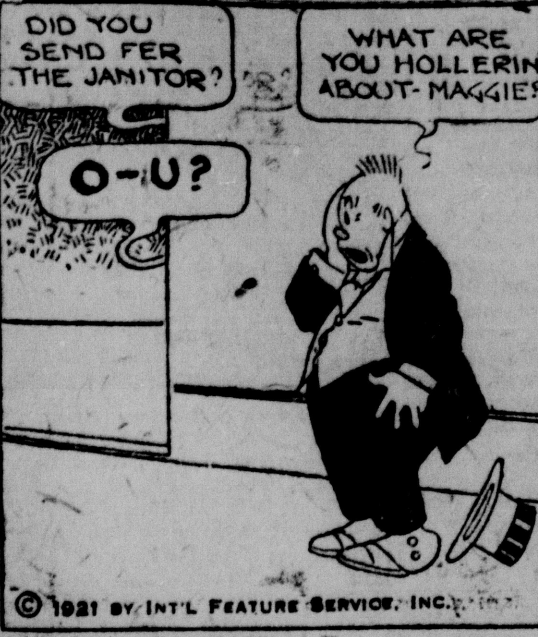

Whether it be from lack of hard
foods, requiring prolonged chewing, or
from the nervous hurry of modern
life, or from other causes, it is un-
doubtedly a fact that most people in
America eat too rapidly. The correction
of this habit will go far toward
reforming an individual's diet in ev-
ery way.

Thorough mastication means chew-
ing up to the point of involuntary
swallowing. It does not mean forc-
ibly holding the food in the mouth,
counting the chews, or otherwise mak-
ing a bore of eating. It merely means
giving up the habit of forcing food
down, and applies to all foods, even
to liquid foods, which should be sip-
ped.

The consequences and evils of in-
sufficient mastication are many, and
may be enumerated as follows:

Insufficient use of the teeth and
jaws and hence dental decay, as well
as other and worse dental evils; in-
sufficient saliva mixed with the food
and hence imperfect digestion of the
starchy substances; insufficient sub-
division of food by mastication and
hence slow digestion; the failure of
the taste nerves to telegraph ahead,
as it were to the stomach and other
digestive organs an intimation of the
kind and amount of digestive juices
required and hence indigestion; the
overseasoning of food to make it re-
lishable even when bolted and hence
overeating and irritation of the mu-
cous lining; the excessive use of meat

tory by the record of the work of the
razor.

In Greece shaving of the face came
in with Alexander. He was a young
king, and it became popular to ap-
pear young.

Greek sculpture commonly repre-
sented beardless men, for the reason
that the sculptors largely chose ath-
letes for their models, and these were
young men. But when they chose
ideal types, as Homer or Sophocles,
they made them bearded - Homer
with a long and flowing beard, Soph-
ocles with a beard of moderate length.

In Arabia a man is honored in pro-
portion to the length of his beard.
"Tarry at Jericho till your beard is
grown" is the word to the hostages
who had been sent back with the in-
sult of clipped beards. The beard of
Aaron has won renown for thousands
of years; it came down to the skirts
of his garments.

George Washington and the men of
his day were close shaven. The gen-
erals of the Civil War on both sides
were mostly full-bearded men, and
so were the presidents who followed
the war, Grant, Hayes, Garfield.

Then the mustache became our
most popular adornment. And now
we have fallen upon the day of the
safety razor and the beard is in little
regard. But it will come to its own.
Styles change. The day will arrive

WILLIAM E. BARTON.

when men will be as proud of a good
beard as they now are of a smoothly
shaven face, and they will rejoice in
their deliverance from the tyranny of
the razor.

The day may come when even side
whiskers are popular again. But let
us hope that that will be after most
of us are dead.

How would Michelangelo have got-
ten on with his statue of Moses if he
had been compelled to represent him
as beardless?
There is something to be said for
the beard.

"Hadn't you better come into the water at once, Mr. Blenny?"

As Nancy and Nick passed Mr. Blenny's house on their way to look for Mrs. Rock-Fish and all the others, a voice called to them. Not a voice in the water where all the Wigglefish people lived, but a voice outside of the water. So the Twins poked their heads up into the air to see who it was. To their astonishment there lay Mr. Blenny-Fish himself right on top of the rock and staring thoughtfully out to sea.

"Oh, my!" said Nancy in dismay. "Hadn't you better come into the water at once, Mr. Blenny? You'll suffocate out there in the air."

Mr. Blenny turned his round bul-
let head and thoughtful eyes toward
them languidly, and looked at both of them at once. He had queer eyes, Mr. Blenny had. He could move them
any-which-way at all, and could con-
veniently look at the sunset and
watch the moon come up on the other
side of the world at the same time.

"No more than you will in the wa-

ter," he answered slowly. "You're
not Wigglefishs, are you?" And with
that he again bent his tired gaze out
to sea.

"Oh, but we have magic Green
Shoes!" answered Nick, "that take us
anywhere."

"And I have a magic jigumcrack
in my body which lets me go out in-
to fresh air for an hour or two at a
time, and a pair of magic fins I can
climb with," answered the blenny. "I
like to come here and hunt for barn-
acles. I eat them. By the way, you're
not birds, are you?"

"No. Why?"

"Birds like blennies. They eat us
and I have to be careful. There! I
guess I'll have to go in now and look
after the children. Did you see Brid-
get?"

"Bridget?"

"Yes, my wife. She's gadding."
"We'll hunt her," promised the
Twins as they disappeared.

CONFESSIONS OF A MOVIE STAR

Chapter XVII

I DREAD FIRST BEDROOM SCENE

Motherdear didn't sleep very well
that night. More than once I realiz-
ed that she was arranging a cover
over me. In the early dawn, she
drew the shades so that I could sleep
late.

So much trouble she took for me!
All the money I was earning didn't
make life a bit easier for her. The
higher I climbed and the harder I
worked, the harder I made life for
her. Once I told her so and she re-
plied:

"Why, little daughter, that's what
a mother is for!"

I did not know about that but I
could see that I never could earn a
salary of six figures if Motherdear
had not been behind me with her
own special brand of morale.

I had one regret connected with
Rose's dinner: I hadn't asked her
with whom Cissy Sheldon had fallen
so violently in love.

It really didn't matter to me so
much as an explanation of what was
making Cissy so dependable. I was
grateful to any girl who could per-
form that miracle. It helped my own

work tremendously to have Cissy ar-
rive on time at the studio and be
wide awake when he arrived.

I wanted to know the girl to whom
I was so indebted. Certainly it was
nobody in the studio. I named them
over. Cissy had flirted outrageously
with some of our beauties. And
more than one of them complained,
with Glinette, that Cissy was a piker!
He wasn't spending a dollar on a
girl where formerly he had spent
ten!

What a man spent on an evening's
entertainment seemed to be the only
measure they had for a man.

I was glad Cissy was reforming
because "Love in Leash" was a stren-
uous play. I didn't want any re-
takes.

There was a bedroom scene. Moth-
erdear had objected and she and De-
melson had talked it over and she ad-
mitted that the theater owners and
managers demanded such stuff and
that probably I couldn't evade the
demand any longer.

The bedroom scene would go into
the reel as "a vision."

I belonged to the eighties in the
play. I was the heroine, her mother,
and her grandmother. I was to wear

a nightie of the old style which but-
toned high about the throat and had
long full sleeves with close cuffs. It
was of corn-colored satin—it would
"shoot" a pure white. It was so
quaint that I loved it.

Dick was to be the villain, who, af-
ter a struggle in my room, would
strangle me, Othello fashion.

Cissy was to come to my rescue, in
a break-away set which would permit
the villain to escape from him. That
was the vision. Two generations lat-
er, Cissy would arrive on time and
our own descendants, we would set-
tle the family feud forever.

I was happy to postpone the love
scenes with Cissy as long as possible.
I couldn't bear to think of them, after
the revealing kiss which had com-
pleted our last picture. It had been
an initiation in an emotion hitherto
unknown to me. It gave me a hint,
at last, of Motherdear's rule for boys
and girls: Hands Off!

But I think I dreaded the bedroom
scene most on account of Dick's part
in it. I didn't want him to touch me.
And there was no way of faking the
struggle.

I dreaded it also on account of the
crowd of men which collects along
the chalkline when a bedroom set is
shot.

The principal address of the evening was given by Rev. James O'May pastor of the Methodist church of Seymour on "Branding the Mavericks." The speaker likened a boy to an unbranded calf and said that if

they are not caught and branded with the brand of righteousness they will go to the devil. He said that if you'll brand them you won't have to chase them to the gates of hell to bring them back. He believes that the only way to save a boy is to give him something to do, and this is accomplished through the work of the Y. M. C. A. The speaker, who served with the Y. M. C. A. at Camp Grant during the war said that the boy is like the soldier, he wants to be lived with, not preached at.

Mr. Brunner spoke of the forming of nine baseball clubs in the county league this summer, the nine basketball fives who played basketball during the winter, and of the 63 boys who enjoyed Camp Black Hawk this summer. He believes that if you will give the boy something to do and the wholesome influence of the Y. M. C. A., who can be assured of a good boy and a clean boy.

Mr. Haas spoke of the 750 supporters of the Y. M. C. A. among a population of 30,000 in the county, of the

participation of only 1-40th of the population and of the organized plan to enlist the support of all. He complimented Rochelle on its plan of incorporating the amount assigned to this district in the budget. Kings and Creston are in the Rochelle district. Two meetings have been held, one at Mt. Morris, one at Rochelle and one will be held at Byron next Thursday evening.

FRANKLIN GROVE M. E. CHURCH
Rev. Warren Hutchinson, Pastor

Next Sunday will be a day of good things. Those who missed any of the services last Sunday lost out and this will be true again for the following Sabbath. It will be a day given to the interests of the Sunday School and the young people. There will be a vital interest for every boy and girl from 105 years of age down to the Primary Departments. The invitation is wide. The musical part of the day's program is in the hands of the young people. A young people's choir will sing both morning and evening, and there will be several special musical numbers. The pastor will bring the morning message around three very familiar words, a group of

words that has been more preached about and written about, than any other one group of words in the language: "Stop, Look, Listen." It will be a message especially for young people. After the musical part of the evening hour will follow an illustrated sermon with some 30 splendid pictures on "The Sunday Schools of the Orient" and "Sarju, the Outcast." Let every Methodist friend rally around this program, and a very cordial invitation is extended to the community. Try our welcome.

MARDI GRAS TO BE SPECTACULAR FETE FOR THE COMMUNITY

Friday Evening, Nov. 18,
Date for Dixon Band
Benefit Show.

Mardi Gras night, Nov. 18 will be replete with the spectacular and to Dixon an unusual event. There will be large throngs of merry-makers on the streets, in fact it will be a big jubilee night for everybody, whether masked or not. Many queries are coming into the headquarters at the Chamber of Commerce under whose auspices the Mardi Gras is being produced for the benefit of the Dixon band, as to the exact time of the parade, coronation and coronation ball. The pompous resident who has been moved to the business district will be a fair target for a handful of confetti thrown by a person dressed as a Spanish dancer, who may be his daughter or the daughter or sister of Jim the Newsbutcher. Who knows or who cares? It will be part of the fun. The voice of the street fiddler will be heard on every side too. Masses of toy balloons of many shapes, streamers, rattlers, tin horns, peanuts, popcorn, flags, souvenirs of every description are offered in rapid succession.

There will be confetti, confetti, and then some more confetti. The air will be full of it. Everyone carries a little bag of confetti, when that is gone there are eager vendors ready to supply a fresh supply. You are covered with it from passing automobiles, open windows and doors and in return you sprinkle it on the shoulders of those in front of you or throw it over your back into the faces of the ones behind you.

Suddenly the band is heard and someone shouts "Here comes the Queen." Everyone crowds to the curb to see the passing of the royal party and parade. First comes the grand marshal of the parade and the advance guard of police to open the way followed by the band which is followed by the guard of honor, which will probably be the American Legion, marching in open formation to clear the road so as not to obstruct the view of the royal trumpeters which carry the royal trumpets. Then come the heralds bearing the royal colors, next the pages, and the flower girls in beautifully decorated pony carts. Following these the royal coach carrying the queen, also the body guard. A handsome car bedecked with flowers follows, carrying the four maids of honor. Then come all the other entries of gaily decorated and festooned cars, floats, in fact anything on wheels which is suitably decorated. But this is not all, a riot of color follows the masks. Some in beautiful costumes of silk and velvet, others in tinsel, gauze or suits of paper. Beautiful, novel and grotesque.

It Started Something

"I have not said anything to you, but have been saying to others and have induced many to take your medicine and be convinced. May's Wonderful Remedy is correctly named. It removed stuff from me I never thought could be in a human being and I feel like a different person. The pain in my right side disappeared at once, which four doctors said would require an operation; also the bloating and indigestion." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded.—At all druggists.—Adv.

Arriving at the throne, which will be erected on the north side of the court house, the royal party and attendants take their places in line and the queen is conducted to her throne. All the other members form a picturesque group at either side and the maskers form a semi-circle. The presentation of jewels is then made to the Queen and her maids of honor by the master of ceremonies.

Two Sisters Killed in Des Moines Mishap

Des Moines, Ia., Nov. 3.—Police today are without a clue as to the identity of the driver of the automobile that last night ran down and killed Sister Mary Rosalita and Sister Mary Virginia of St. Joseph's Academy. A thirteen-year-old boy was the only witness to the accident and he told the police he was so frightened that he did not notice the driver.

Sister Mary Rosalita, who was Miss Laughlin of Lincoln, Neb., and Sister Mary Virginia, who was Miss Austin of Chicago, were musical instructors at the academy.

PARENTS CHOKED CHILDREN WHEN END APPROACHED

Almost Unbelievable
Stories from Russ
Famine Area.

Riga, Nov. 3.—Children are living in the woods and fields like young animals in some parts of the famine district of Saratov, says an official wireless dispatch from Moscow. They are little waifs who have fled from famine stricken cities and villages, and subsist on roots and grass. When adults approach, they flee, showing every evidence of fear.

Overcrowding of children's homes has been carried so far in the Syrian and Ufa districts that some of the institutions are sheltering four times as many children as they have accommodation for. In these places children take turns in occupying such beds as are available, one small famine victim crawling into a bed the moment another child vacates it.

"Entire families are jumping into rivers and cases are reported of parents strangling their children rather than see them die by starvation," says the dispatch, which also gives the first report of disorderly migration. "Over the roads in the Irbid district, is moving a band of disorderly refugees from starving Volga."

GOVERNMENT'S TEST CASE AGAINST ASSN. OF OIL MEN IS LOST

Judge Carpenter Holds There is Lack of Equity in Case.

By Associated Press Leased Wire
Chicago, Nov. 4.—The government's suit for dissolution of a trade association involving thirteen manufacturers of linseed oil was dismissed in Judge George A. Carpenter's federal court yesterday for want of equity.

The suit by the government was to decide the question of whether trade associations may be formed for the purpose of exchanging price lists and was regarded as a precedent, the ruling of which would affect the standing of 3,000 other such associations throughout the country. It was brought as a part of the government's anti-trust prosecutions.

"Logic which assumed that because there is an opportunity to fix prices, therefore prices are fixed, is contrary to the genius and logic of our law," the opinion of Judge Carpenter said. "Every man is presumed to be innocent until he is proven guilty. If the Armstrong-Bureau is to be dissolved merely because it afforded the members an opportunity to fix prices, then this court, with equal propriety, could be asked to dissolve any lunch club where business men meet. This theory hardly warrants discussion."

Some Big Concerns.

The manufacturers listed as defendants are:

Herst & Begley Linseed Co., Chicago.

Archer Daniels Linseed Co., Minneapolis.

William O. Goodrich Co., Milwaukee.

Midland Linseed Products Co., Minneapolis.

Minnesota Linseed Oil Co., Minneapolis.

Northern Linseed Oil Co., Minneapolis.

Red Wing Linseed Oil Co., Red Wing, Minn.

Ankeny Linseed Manufacturing Co., Des Moines, Ia.

Sherwin-Williams Co., Cleveland.

Toledo Seed & Oil Co., Toledo.

Mann Brothers Co., Buffalo.

National Lead Co., New York.

American Linseed Oil Co., New York.

Judge Carpenter said the question involved in this case is whether "there is anything inherently wrong in an agreement between producers in a certain line to furnish each other their prices and not to make any sale deviating from the price list without immediate notifying all the others."

Must Have Information.

Judge Carpenter also pointed out that business was no longer a "game,"

but that it is now so complex that business men must have more information than before. He said that this was no evidence that there was price fixing.

"Business is no longer a game, but a matter of scientific calculation," the opinion said. "A merchant cannot complete with another merchant unless he knows what he has to compete against. The day is past when the business men of the community met at noon in the village blacksmith shop or in the evening at the grocery and discuss prices. The government cannot seriously contend that it is the duty of every merchant to guard against his competitor finding out what he is charging. It would be an impossibility. Nor is it wrong for a merchant to find out what his rivals are charging. If he cannot get it directly and easily, he will necessarily get it indirectly and at a great expense and slowly."

UNPOPULAR SCHOOLMAN STAYS

Minneapolis, Nov. 3.—Professor James Paige, faculty representative on the Athletic Board of Control at the University of Minnesota, has been reappointed to the board, it was announced today. Dr. Paige has been unpopular with the students and last winter they circulated a petition to have him removed, but without success.

OILS STILL CLIMBING

Pittsburgh, Pa., Nov. 3.—The fifth advance in the price of oils within the last thirty days was noted at the opening of the market here today. Pennsylvania crude advanced 50 c to \$4 per barrel while Cabell at \$2.61; Somerset \$2.40 and Somerset light \$2.65 were up 25 c. Ragland advanced 10 c on the barrel to \$1.35. Cornings was unchanged at \$2.15.

PIGEON STEW

Davenport, Ia., Nov. 3.—Tame pigeons roosting under the eaves and in nooks of the county courthouse here, with reputations of long standing as quiet, inoffensive pets, are in disgrace today. Their actions in the jail yard which adjoins the courthouse as they flopped and staggered in zig-zagging courses over the brick driveway, was a toe-tracking disgrace to the 15th amendment.

Earlier in the day the sheriff and federal authorities had dumped 26 barrels of home brew and corn mash into the sewers. Some of the fermented grain kernels failed to reach the sewer drain. The pigeons robed up the mash and ere nightfall they showed every evidence of over-indulgence.

By Associated Press Leased Wire
Washington, Nov. 4.—Prohibition Commissioner Haynes approved today the first two applications from brewers for permits to manufacture and sell beer for medicinal purposes under the new treasury regulations. The applications were from Joseph Schlitz of Milwaukee and Piel Bros. of New York and officials said the permits for them to engage in the medical beer business will be forwarded at once. Devil's Lake World Expresses Appreciation of Him.

Concerning the work of A. E. Conrad, the new Secretary of the Lee County Y. M. C. A., the World of Devils Lake, N. D., Mr. Conrad's last previous charge, says:

"Devils Lake and Ramsey county has lost one of their most keen and sincere boosters—not political, but economic in a greater sense than ordinarily understood in the community. A. E. Conrad, for over two years secretary of the county organization of the Y. M. C. A., working and striving to make the young manhood of the community better future greats, has resigned his position and departed for Dixon, Ill., where he will take up the county work in a much enlarged and more developed field. The family will remain in Devils Lake for awhile.

"Particular attention has been devoted by Mr. Conrad to community work in the rural districts, in high school and grade school circles in outlying regions as well as in the city where none but the most heartfelt expressions of appreciation have come.

To Relieve Catarrhal Deafness and Head Noises.

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parmit (double strength), and add to it ¼ pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

PESKY BED BUGS

Bedbugs lay an average of seven eggs per day. Under favorable conditions they hatch in five days of which two-thirds are females. They mature to adult size and are capable of laying in four weeks. How many bedbugs would you have in a year if you left one female or egg unmolested for one year?

To rid the pesky bedbugs, you readily see how necessary it is to use a preparation that will kill the eggs as well as the live ones.

P. D. Q. has been demonstrated by the leading Hospitals, Hotels and Railroad Companies that the safest and most economical way to stop future generations of bedbugs,

roaches, fleas and ants is to use the new discovery Pesky Devils Quilts "P. D. Q." A 50c package of P. D. Q. makes a quart, enough to kill all bedbugs, roaches, fleas and cockroaches at the same time destroy their eggs.

Impossible for them to exist when P. D. Q. is properly used. Free a patient spot in every package to get the pesky devils in the hard-to-get-at places and save the juice.

P. D. Q. is not an insect powder, no muss or dust, does not rot or burn the bedding.

P. D. Q. for family use 50c. Hospital size \$2.50 makes five gallons. Your druggist has it or he can get it for you.

Genuine P. D. Q. is never peddled.

SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE OVER RHEUMATISM

Discoverer Tells Public Drug & Book Co. and All Good Druggists Not to Take a Cent of Anyone's Money Unless Allenru Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and

quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others, who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Public Drug & Book Co. has been appointed agent for Allenru in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state

Derr Fined \$100 in County Court Friday

Glenn L. Derr, farmer residing east of Ambury, who was arrested and brought to Dixon yesterday, following a raid conducted by the sheriff at his home, pleaded guilty to a charge of manufacturing intoxicating liquors yesterday afternoon before Judge John B. Crabtree in the county court and was assessed a fine of \$100 and the costs of the proceeding, amounting to a total of \$125.75.

The court warned Derr against further violation and in pronouncing sentence, reminded the prisoner that he had considered the humiliation that would fall upon the wife and three small children, in assessing the minimum amount. The fine and costs were paid and Derr returned to his home.

**THOUSANDS OF THIN PEOPLE HAVE
SPLENDID APPETITES YET FAIL TO PUT
ON FLESH AND GAIN WEIGHT—WHY?**

**Strong, Straightforward Advice to
Thin, Undeveloped Men and
Women.**

If you are thin, scrawny and undeveloped, if your face is peaked and your cheeks and neck exhibit unsightly hollows, it's almost certain that your nervous system is at the bottom of the trouble. You can eat three, yes four substantial, fat producing meals a day, but as long as your stomach has an insufficient supply of nerve force this food you eat will pass out of the body with little if any benefit.

In order to assimilate properly the nourishing food you eat and convert it into healthy tissue and fat the nervous system must be put in first-class shape and until that is done you might just as well quit trying to put on flesh. Your system is starving for something that will turn the food you eat into healthy stay-there flesh and it can only be done in one way—by correcting faulty nervous digestion.
